

Bovis Lend Lease Continental Europe, Middle East and Africa Consultancy Services

Bovis Lend Lease Continental Europe, Middle East and Africa (CEMEA) provides its expertise through a wide range of fee based services across a wide range of construction sectors tailored to meet the specific requirements of our client, the project and the geographic location of the particular development.

Bovis Lend Lease provide a range of project-related **Consultancy Services**. The exact nature of these services, and often the terminology used to describe them, varies from region to region but they all have a common purpose – to help the client secure best quality and value.

Bovis Lend Lease is particularly strong in front-end project skills. Deploying these during early involvement in our clients' projects is the foundation of our success throughout the world. Our capabilities include:

- Technical Due Diligence
- Feasibility studies
- Design briefing
- Value engineering
- Global and local procurement
- Cost management
- Safety Co-ordination and Management
- Planning and Scheduling
- Programme management
- Design Management
- Risk Management
- Environmental impact management

Bovis Lend Lease has been operating in Continental Europe, Middle East and Africa since 1970. Our in-depth knowledge of local markets, procurement systems and regulations together with our global resources enable us to deliver the most complex of projects from concept through to completion focusing on value add services across a wide range of sectors with a strong commitment to Health and Safety and the Environment.
